**CUBA CITY TELEPHONE/CS TECHNOLOGIES TO DEPLOY FIBER TO THE HOME  
IN THE VILLAGE OF BENTON, WI**

Cuba City, WI: Cuba City Telephone Company/CS Technologies will begin work in the Spring of 2023 on their **FTTP** – Fiber to the Premise broadband fiber for homes and businesses in the Village of Benton, Wisconsin. This **FTTP** project will bring fiber-internet connectivity to over 800 homes and businesses. The result will be residential and business internet speeds up to 1 Gb. The Village of Benton currently has limited availability for High-Speed broadband Internet service and they have given complete community support for this Cuba City Telephone/CS Technologies project.

In the spring of 2023 preselling of fiber-internet service to residents and businesses will begin when Cuba City Telephone/CS Technologies will be installing our fiber backbone to offer speeds up to 1 Gb. When more information is available it will be posted at <https://cubacitytel.com/>
