

Cuba City Telephone Exchange Co.
Belmont Telephone Company
LaGrant Connections, LLC

CS TECHNOLOGIES, INC.

Customer Authorization & Acceptance of terms for expanded Calling:

I _____ with _____
_____ hereinafter referred to as "Customer" authorize
CS Technologies to enable complete () "011" International and/or ()
"900" calling.

CS Technologies is an Equal Access Provider. All of our customers have the ability to change their Long Distance provider at any time to any Long Distance provider who provides Long Distance services to CS Technologies for its customers. This ability to change exists separately yet within any term agreement for Local Phone or Internet Services with CS Technologies.

Regardless of Customer's Long Distance provider CS Technologies limits by default Customer calling area to Domestic Long Distance, Canada and U.S. Virgin Islands.

In an effort to curtail fraudulent and unauthorized activity CS Technologies will block all International "011" and "900" calls regardless of Long Distance provider unless the customer Authorizes and Accepts full responsibility for ALL calls originating on their phone equipment, CPE, Electronic Key, PBX or VoIP phone system.

By signing below and initialing choices above Customer accepts responsibility to pay for all International "011" and/or "900" charges generated to Customer by their Long Distance provider of choice.
